

NATION'S FOREIGN POLICY SHOULD BE DECIDED AT POLLS

Decree Issued by Illinois Commerce Commission—Savings Estimated at \$3,425,253—Largest Savings Accrue to Patrons of Peoples Company, Chicago—Effective Aug. 1

NEW YORK, July 25.—Senator Hiram Johnson of California declared tonight that America should stay out of the world court and the league of nations and insisted that the nation's foreign policy should be decided at the polls in 1924.

Senator Johnson who returned Monday from Europe where he talked with leading statesmen in many countries expressed his views at a dinner given in his honor by a committee composed largely of men who supported the late Theodore Roosevelt in his third party campaign for the presidency in 1912.

SAY FILIPINO RESIGNATIONS NOT PERSONAL

Not Intended as Personal Reflection on Governor Wood

(By The Associated Press.)

MANILA, July 25.—In a statement to the Associated Press today (Thursday), Manuel Quezon, who recently resigned as president of the Philippine senate reiterated his assertion that the recent action of native government officials in resigning was not intended as a personal reflection on Governor General Leonard Wood.

Mr. Quezon said:

"In the resolution questioning Governor General Wood's recall there is no personal reflection on the governor general intended but it is the belief of the legislators that in view of the present situation it is humanly impossible for Governor Wood to act in co-operation with the Filipino members of the government and President Harding should send us a governor general who would work in harmony with the Filipino people."

"If possible the president should appoint a Filipino governor general."

It was authoritatively stated today that the democrats have no candidate for the vacancy in the senate made by the departure of Senator Guevara for Washington where he will serve as Philippine resident commissioner.

The democratic party leaders late last night adopted a resolution requesting Juan Sumulong, vice-president, and Governor Montinolo, of Iloilo, president of the party to resign because of their failure to support the action of the cabinet members in resigning recently.

In connection with the resolution the party leaders issued a statement saying the life of the democratic party depended on supporting the Filipinos against the governor general.

NEW APPOINTMENT

Springfield, Ill., July 25.—M. C. Carson, formerly deputy prohibition enforcement officer here, has been appointed group prohibition chief at Decatur, Ill., it was announced today.

No Time to Count Change in Berlin

(By The Associated Press.)

BERLIN, July 25.—A flood of 10,000 and 20,000 mark notes is invading Berlin because of the Reichs Bank's inability to supply sufficient quantities of high denomination currency, add a small army of bank clerks stormed the institution today in an attempt to haul off enough paper to supply the private banks.

The heavy demand for currency was precipitated by a sudden rise in all prices due to the mark's further collapse. Merchants and tourists who besiege the banks from early to late are forced to depart with wads of small bills for which a suit case or hamper is the only serviceable container.

The sudden dearth of big bills is due to their having been shipped into the provinces with a view to saving transportation and handling charges and pending the appearance of new one, five and ten million mark notes.

ROYAL TIME FOR HARDING IN DOMINION

Twenty-One Gun Salute to Welcome Arrival of Party

(By The Associated Press.)

VANCOUVER, B. C., July 25. (By Canadian Press.)—Gayly decorated Vancouver waited tonight on the tip of excitement for the arrival of President Warren G. Harding of the United States and his distinguished party tomorrow morning. It will be the first time that a United States chief executive has visited Canada and the occasion has attracted thousands of persons from all over the northwest.

Radio messages from the U. S. S. Henderson tonight confirmed arrangements made by officials here for the visit which terminates at 9:20 tomorrow evening when the Henderson sails for Seattle. It was also stated that a company of marines with the United States naval band would land to take part in the president's parade to Stanley Park where the Henderson docks at 11 a. m. The presidential address will be delivered in the park.

21 Gun Salutes Given

As the Henderson steams thru the narrows into the inner harbor she will exchange salutes of 21 guns with H. M. S. S. Curlew and H. M. S. S. Patrician, which are at anchor here.

When President Harding steps ashore the 68th Battery of the Fifteenth Brigade, Canadian Artillery will commence firing a 21 gun salute which will be taken up by H. M. S. Curlew. He will be received by a combined guard of honor of 100 men from the Curlew and Patrician and a guard of honor with the King's and regimental colors and two bands furnished by the 23rd Infantry Brigade.

Mounted Escort Provided

The mounted escort of the Royal Canadian Mounted Police will also be on hand to receive him.

The guards will give the president a royal salute, the colors will be dipped and the band of the 72nd battalion in pre-war full dress will play the Star Spangled Banner.

Cannot Stop War

"However well intended," he added, "it is a difficult thing to tell our people that the international court will stop war or that it will have the slightest effect upon wars."

"It is an utterly futile agency for peace—it cannot and will not prevent wars and it does not pretend either in its organization or its operation to do so. It has jurisdiction of nothing, except what countries may choose to submit to it and the four great members, Great Britain, France, Italy and Japan have specifically declined to submit to its compulsory jurisdiction."

Senator Johnson said tonight's meeting was without political significance and his address merely was to give his opinion on international affairs as he had seen them during his visit to Europe.

Was An Innocent Abroad

"I was an innocent abroad," he said, "I went to Europe an American. I returned just an American."

Senator Johnson said he spoke with neither "personal nor political hostility to any man" but asserted he could not forgive the man who decides this nation's future solely by the present apparent necessity of partisan politics.

"What we condemned under a Democratic administration, we will not accept under Republican administration," he declared. The senator said he would refrain (Continued on Page 4)

Church Unification Plan is Progressing

(By The Associated Press.)

CLEVELAND, O., July 25.—A plan for the merging of the general conferences of the Methodist Episcopal church, North, and the Methodist Episcopal church, South, separated since 1845, was adopted tonight by the joint commission on unification. The plan will now go to the general and annual conferences of the church for ratification.

Delegations from both branches, composing the membership of the joint commission adopted the plan at separate meetings today after minor changes were made in the original plan submitted at yesterday's meeting. Further changes were made by the joint commission tonight but they are said to be unimportant.

UNDERWOOD WARNS AGAINST WESTERN BLACKENING CLOUD

(By The Associated Press.)

BIRMINGHAM, Ala., July 25.—Senator Oscar W. Underwood, delivering his first public address since his return from Europe before the Birmingham Rotary Club today, sounded a note of warning against the "black clouds of the west" caused by the failure of the wheat market.

"We may feel in the south that the failure of the wheat market affects only the north and northwest," Senator Underwood said, "but that is not the case. When our own cotton crop failed in 1914 because we couldn't get ships to carry our bales to Europe the effect of it was felt over the entire nation. It will be the same way with the wheat failure and what we need is for business men of the country to do their part. The result may not be felt directly down here but everyone will feel it indirectly."

No Golden Rule

"We can never tell where the cloud will go to. Who among you can tell if the same cloud now hanging over the west will not be hanging over the south next year? There is no golden rule governing this condition. The only way to guard against an economic crisis is to operate along the proper lines. The law of supply and demand cannot be overtaken by the puny efforts of man."

If American Business is to survive in the future, it is absolutely imperative that our products have a European market and a union market cannot exist until a stabilized government has been established, the speaker said.

"In order that we may market all we produce in America, one-half of our cotton, one-third of our meat and one-third of our wheat crops must be sold in Europe," said Senator Underwood.

Politics Not Mentioned

Senator Underwood did not mention any political issues in his speech Wednesday but he made it clear that the assistance of America was badly needed in Europe to straighten out affairs and that unless European governments became stabilized the American citizens would be great sufferers.

Senator Underwood closed with an appeal for the business men to "stand up and do their share in the crisis. On the battle fields of France the boys of America did their part. I only hope and pray that in this critical day for the world the business men and citizenship of America will not flunk."

NEW POWER PLANT ON LAKE DECATUR IS MOVE PLANNED

(By The Associated Press.)

DECATUR, Ill., July 25.—A powerplant on Lake Decatur costing not less than \$5,000,000 and furnishing power at a rate so low that factories will discard boilers and steamstacks and obtain power from the central station is being considered by the Illinois Power & Light Co., according to W. E. Baehr, vice president and general manager of that concern.

Mr. Baehr expects to have a complete report on the project by company engineers within thirty days.

SWEDISH CHURCHMAN TO LECTURE IN U. S.

(By The Associated Press.)

STOCKHOLM, July 25.—Archbishop Soderstrom of Upsala is leaving for America on September 15 in response to an invitation from Augustana Synod of the Lutheran church and the Northern American church federation. He will address meetings at Philadelphia in November and will lecture at Yale, Harvard, Columbia and Chicago universities, returning to Sweden by Christmas.

The archbishop, who is the head of the state church of Sweden, is a spiritual adviser to the royal family and will be the chief foreign dignitary at the dedication of the new buildings of Augustana college at Rock Island, Ill.

LOSES LIFE WHILE ACTING PEACEMAKER

MORGANTOWN, W. Va., July 25.—Stepping between her father and husband in the toll of peacemaker, after one shot alleged to have been fired by the father had gone wild, Mrs. Martha Hart fell fatally wounded this afternoon at Purselove near here when a second shot was discharged. The father Mark Swan was placed under arrest upon the second degree murder charge and tonight the husband, J. J. Hart, was attempting to raise the required \$2500 bond in order that Swan could accompany his daughter's body tomorrow to Carnegie, Pa., where funeral services will be held.

INCREASE IN INCOME

NEW YORK, July 25.—An increase of \$4,588,888 in net income is reported in the annual report of the Cleveland, Cincinnati, Chicago & St. Louis railway company for 1922. Net income was placed at \$7,528,838. After paying dividends and other charges a balance of \$4,582,402 was carried to the surplus account.

NEW PRECEDENT BY HARDING ON PRESENT TRIP

First to Visit Dominion Territory While in Office

(By The Associated Press.)

WITH PRESIDENT HARDING on U. S. S. Henderson off Campbell River, B. C., July 25. (By A. P.)—After a speedy run from Sitka, the last Alaskan port visited by President Harding and members of his party, the Transport Henderson anchored today off Campbell River, 90 miles from Vancouver. It will continue its voyage there tonight in time to arrive at 10 o'clock tomorrow morning when the chief executive will make his first trip to the dominion of Canada.

The president will be met at Vancouver by provincial and federal government authorities and welcomed by them to the dominion. He will respond later in an address at Stanley Park after which a lunch and rest period will be allowed before the golf game commences at Shaughnessy Heights club.

The president will be the honor guest of the dominion government and after a public reception will embark for Seattle, arriving there at the municipal dock at 10 o'clock Friday morning.

Hoover a Fisherman

Secretary of Commerce Hoover charged with administering fishing regulations of the United States, brought in the best string taken from Canadian waters. Other members of the party thoroughly enjoyed the experience.

SUNDAY SPEECHES BY M. POINCARÉ WORRY L. GEORGE

(By The Associated Press.)

BRISTOL, England, July 25.—Former Premier Lloyd George made a fierce attack on M. Poincaré, the French premier, in a speech here today. He objected to M. Poincaré's habit of making speeches on Sunday, which, he pointed out was a day consecrated to good will and hardy a day "to unscure the cylinders of carefully distilled hatred, illwill, suspicion and anger among the nations."

Alluding to past negotiations Mr. Lloyd George said:

"I did not fall out with Mr. Poincaré but it was very difficult. Mr. Bonar Law also found it quite impossible to work with him."

The former premier accused M. Poincaré of "wickedly distorting" his speeches and expressed his hope that the British efforts towards peace would not be converted into mere fuel for further devastating and scorching flames which burn up the peace, prosperity, progress and happiness of mankind.

FOUND GUILTY OF FRAUD IN LIQUOR SHIPMENT CASES

(By The Associated Press.)

DENVER, Colo., July 25.—The Rev. Father Walter A. Grace, former pastor of the Shrine of St. Anne near Denver was found guilty by a jury in federal court here today of having forged the name of Sister Germaine of the Mullen Home for the aged here to an application for a government permit to ship whisky into Colorado.

The penalty is one to five years in the penitentiary and fine not to exceed \$10,000.

Father Grace accepted the verdict of jury which deliberated only 20 minutes, without outward emotion. He was taken into custody by a United States marshal and committed to the county jail, this evening about three hours after he had been found guilty.

John McCann, assistant United States district attorney said Father Grace would not be eligible for release under bond until motions for a new trial and arrest of judgment have been filed. Attorneys who appeared in the defense were expected to file the motions tomorrow. The priest also faces another indictment which charges conspiracy to violate the Volstead act in which Mrs. Katherine O'Connor, prominent in Denver's society circles, and John R. Walsh, former Colorado ranger and a brother-in-law of Father Grace are named also.

Father Grace following the jury's verdict said:

"Judgments of God are not those of men."

FOUR BIG UTILITY CONCERNS ORDERED TO MODIFY RATE

Statement of Senator Johnson at Dinner Given in His Honor—Mayor Hylan One of the Guests—Many Other Notables Present—International Court Futile Peace Agency

(By The Associated Press.)

SPRINGFIELD, Ill., July 25.—Estimated savings of \$3,452,253 annually to electric current users was ordered by the Illinois Commerce Commission this afternoon just before its adjournment for the August vacation.

The final session was a field day for lowering rates. By three orders and a letter, which virtually is an order, the commission ordered four of the biggest utility companies in the state to modify their rates.

Those affected are the Peoples Gas, Light and Coke company of Chicago; the Commonwealth Edison company of Chicago; the Public Service company of Northern Illinois and the Central Illinois Public Service company, serving about 200 towns and villages in Central and Southern Illinois. The orders go into effect August 1st.

The largest saving accrues to patrons of the Peoples Gas, Light and Coke company, estimated at \$1,537,700 annually. The household users are said to be the biggest gainers, since they get a flat reduction of five cents per 1,000 cubic feet in all three blocks of their rates, a saving estimated by the commission at \$1,278,400.

Commercial users are to be benefited \$132,400 a year by various reductions and an additional \$126,900 a year by a readjustment of initial charges and minimum bills.

Householders gain a savings of \$1,300,000 by the orders to the Commonwealth Edison company. The new rate is one cent less per kilowatt hour in the first block of rates, the new rate being eight cents for the kilowatt hour, five for the second and three for the succeeding hours instead of nine, five and three cents. This reduction was made as a suggestion to the company not as an order.

Patrons of the public service company of Northern Illinois will profit to an estimated amount of at least \$275,818 annually by immediate reductions and by at least \$510,136 annually by a further cut in electric rates ordered for January 1st, 1924.

The cuts ordered in this company's rates are five cents flat per 1,000 cubic feet in the first block of gas rates and one cent flat per kilowatt hour in all schedule A electric light rates, effective August 1. The further reduction January 1 calls for another reduction of one cent per kilowatt hour in such rates.

The order to the central Illinois Public Service company will bring about an estimated savings of \$105,127 a year, and reduces the rates in 169 of the 200 odd cities and towns served by that concern. A total of 71,484 patrons will be benefited.

Since this company was formed from a number of small companies the commission last year sought to reduce rates and to standardize them.

Effect of Order

The new order it is said, goes further in the same direction. It reduces the maximum rate to thirteen cents net in all communities, thereby effecting savings of \$95,603 annually to 55,884 apartmenters in 161 communities. It also cuts the net rate of the top step of the optional block for cities of 4,000 or more from 12.5 to 11.5 per hour.

In the case of the public service company of Northern Illinois the order issued today is the result of hearings and investigations.

It is the belief of the commission that none of these new rates will be appealed to the courts. The new rate for the Commonwealth Edison is the lowest it has ever received the commission declared. The reduction of rates for the Central Illinois Public Service company actually were made after petitions for increase.

THOMPSON AND SMALL CONFAB OVER OUTLOOK

General Meeting is Called for Aug. 15 at Kankakee

(By The Associated Press.)

CHICAGO, Ill., July 25.—(By the A. P.)—Downstate Republican leaders from many sections spent today here in conference with Governor Small and former Mayor William Hale Thompson over "the outlook."

The upshot of the meeting was a general invitation to the citizens of Illinois, friends and supporters of Governor Small, to meet in the Kankakee Armory on August 15th to "express views on the economic, social and political problems confronting the people of our state and nation, and to urge Governor Small to stand for nomination and re-election as Governor."

Many Thompson followers attended the caucus, with the former mayor.

If any time was given to consideration of likely candidates for the remainder of the primary slate, mention of those discussed was withheld. Several supporters of the governor, at least one of whom is a Chicagoan, are understood to have been mentioned for the senate race.

Plan Battle Lines

Speakers at the gathering indicated that the battle lines for next spring's campaign would of necessity be laid generally along the lines of the 1920 fracas.

Former Mayor Thompson mentioned his 1920 platform and its rejection by the state convention, suggesting that a 1924 revision of the same code would carry the state.

Some of the prominent downstate leaders for the "get to gether" were:

Former Congressman Clifford Ireland, Peoria; Captain O. E. Carlstrom, Alton; State Senator Sneed, Herrin; Representative A. O. Arnold, Quincy; C. H. Jenkins and Dr. I. D. Rawlings, Springfield; Col. O. C. Smith, Jacksonville.

Representative Robert Scholes of Peoria, the floor leader of the Small forces in the last legislature was one of the principal speakers. It was informally indicated in several quarters that Governor Small may announce his candidacy at the Kankakee rally.

Daniel Dinneen of Decatur, A. M. Sheldon of Crystal Lake and Chief State Game Warden Stratton of Ingleside were other participants.

Natural Possibilities

The possibility of Thompson becoming a candidate in the senatorial primary against Medill McCormick was not taken up today. Colonel Percy B. Coffin one of the former mayor's right hand men said after the conference. The invitation issued at the conclusion of the session reads:

"You are cordially invited to (Continued on Page 4)

Asks Investigation Of Dollings Company

(By The Associated Press.)

COLUMBUS, O., July 25.—A thorough investigation of affairs of the R. L. Dollings company and its six subsidiaries now in hands of receivers and the conduct of officials of the Dollings company "who have made possible the gigantic frauds which have been perpetrated on so many people of this state," was tonight requested by State Attorney General C. C. Crabb in a letter to John H. King, prosecuting attorney of Franklin county. Mr. Crabb in his letter said that "I shall insist that those responsible for robbing the people of Ohio out of nearly \$30,000,000 be prosecuted to the fullest extent of the law."

Mr. Crabb stated that "the majority of the stockholders will receive little of nothing from these defunct concerns."

The suggestion from the American Legion made to the city council that a plot be secured in one of the cemeteries for ex-service men who died without funds should have due consideration. It was mentioned when the matter was brought to the attention of the council that recently an ex-service man was buried here in the Potters field. Certainly the way can be found so that there shall be no other such happening in Morgan county.

Colonel Hunter is said to be considering his candidacy for the Republican nomination for lieutenant governor of this state. If the colonel's friends are advising him to make this race, they are friends who are not familiar with general public opinion. The colonel may not have been to blame for the Herrin tragedy, but he was too much associated with it to give his name popularity with the mass of voters.

There will be general satisfaction that an agreement was reached yesterday whereby the public health program of this city and county can be continued to the close of the present season. People as they become more familiar with what has been done and what it is proposed to do, are impressed with the importance of the work. The agreement for the five months period means that the work will in all probability be carried on into other years.

ALASKA
Alaska, said Herbert Hoover, speaking at Anchorage in the territory, will some day develop into four or five great states. And he added, wisely, that this must come by steady accretion of people, step by step, who "come here to obtain a better livelihood and a better standard of living."

The secretary went on to pledge his aid to the kind of Alaskan development that will bring permanent population, home-building, men of family, rather than floating labor.
He is altogether right, Alaska, it may hardly be questioned, offers such men and women as much if not more than did our own West a half century ago. Only its comparative inaccessibility holds it back—an inaccessibility which handicaps the home-seeker and which simplifies the operations of the great corporation.
Alaska needs them both, for the territory's development will be wastefully slow unless capital is encouraged to interest itself by the most liberal policies consistent with the public interest. But the important thing is population, and Alaska can hope to get that only when the American people have awakened to the promise of this land of the last frontier. The fact of the matter is that the Government of the United States has not yet told the people of the United States what Alaska holds for them.

RAILS AND WATERWAYS
The New York Central railway is planning a new trunk line to the middle west, shortening the distance from New York to Chicago by 40 miles.
On the same day when this was announced, the same papers bore the news that a line of 16 ships flying the Norwegian flag would start in a few weeks to ply in regular service between Cleveland, London and Liverpool. These ships are small, comparatively, for the ocean trade, because the locks of the Welland Canal around Niagara Falls limit the length of ships using it to about 300 feet. None the less, it makes an ocean port of Cleveland, O., with bills of lading straight through to the English ports.
The New York Central does not seem to be lying awake at night over fears of competition by the proposed Great Lakes-St. Lawrence deep waterway. Nor do the owners of the Norwegian ships seem to be concerned about the railway plans.
As a matter of fact, there is freight enough for all.
It is not the backers of great transportation improvements who are foolish. It is the short-sighted people who do not see that before the new constructions are turned over to service, they will be too small for the greatest need they will find.

JACKSONVILLE MAN ON ADVISORY BOARD

Charles Rowe Member of Committee of College of Agriculture at University of Illinois.

Urbana, July.—Advisory committees of various departments of the College of Agriculture at the University of Illinois, made up of leaders in their line from all sections of the state, have been announced after approval by the University's Board of Trustees.
According to authorities, one of the reasons why the university's work has become so practical is because it "takes its cue from without." The appointment of these advisory committees is one of the manners by which the university gets its cue and becomes of the most benefit.
The committees are as follows:
Farm crops—Harvey Sconce, Sidel, Eugene D. Funk, Bloomington, William Webb, Joliet, Charles Rowe, Jacksonville, O. J. Sommer, Pekin.
Soils—Ralph Allen, Delavan, Frank L. Mann, Gilman, A. N. Abbott, Morris, O. F. Tullock, Rockford, N. F. Goodwin, Palestine.
Animal Husbandry—Joseph Fulkerson, Jerseyville, W. S. Cora, White Hall, A. A. Armstrong, Carmarko, A. F. Rising, Champaign, Dan T. Davis, Sugar Grove.
Dairy Husbandry—George A. Fox, Chicago, Dr. N. W. Hepburn, Peoria, Senator Rodney B. Swift, Lake Forest, Fred Shuster, Springfield, H. J. Schultz, Shipman.
Farm Mechanics—J. P. Stout, Chatham, J. V. Stevenson, Streator, E. L. Gillham, Edwardsville.
Farm Organization and Management—C. A. Ewing, Decatur, F. H. McKelvey, Springfield, H. H. Parke, Genoa, W. E. Riegel, Toledo, W. H. Smith, Eureka.
Horticulture—W. S. Perrine, Centralia, A. L. McClay, Elkhart, H. M. Dunlap, Savoy, G. A. Bryant, Princeton, August Gewecke, De Plumes.
Floriculture—Joseph Kohout, Libertyville, Albert T. Hey, Maywood, W. N. Rudd, Morgan Park, W. J. Heimbreyer, Springfield, F. L. Washburn, Bloomington.

DEATHS

Dunn
The death of Mrs. Nancy Dunn, a former resident of Jacksonville, occurred recently in Springfield according to advices received by friends of this city.
Deceased formerly made her home in this city with her daughter, Mrs. Frank Dawson on South Diamond street, until about a year ago when the family moved to St. Louis, since which time she has made her home in Springfield with a son. She was a member of Caritas Lodge No. 625 and enjoyed a large circle of friends while resident here.
Funeral services will be held in Meredosia this morning at 10 o'clock in charge of the Reverend G. T. Wetzel and interment will be in the Meredosia cemetery. Quite a few of her Jacksonville friends plan to attend the funeral this morning at Meredosia.
Fredlander
Brief mention was made yesterday of the death of Miss Minnie Ellen Fredlander at the family home a short distance north-west of the city. Miss Fredlander was born in Jacksonville and practically all of her life was spent in this city or in the immediate vicinity.
The deceased attended local schools and graduated from the high school. Miss Fredlander's greatest interest was in her home and during the long period of her father's illness she evidenced unusual faithfulness and devotion. Then later on came the illness of other members of the family and almost throughout the mature years of her life Miss Fredlander has found pleasure in service for others.
Always gentle and kindly in spirit, she served willingly and those who knew of the family life held her in the highest esteem. Early in the present year Miss Fredlander was ill with the flu, from which she never fully recovered. This complicated with other ailments resulted in her death.
The deceased is survived by her aged mother, who has been ill for many months past, two sisters and one brother, Miss Emma Fredlander at home, Mrs. Matthew Miller of this city and George Fredlander at home.
The funeral services will be held Saturday afternoon at 2:30 o'clock at the residence, with the services in charge of Rev. W. H. Marbach, pastor of State Street Presbyterian church. Interment will be in Diamond Grove cemetery.

VISITING IN ALEXANDER
Mr. and Mrs. Ray Proffitt and family, who have been visiting at the home of Jesse Proffitt in Alexander, plan to return this evening to their home in Panama.

LESSONS IN AMERICANISM
In Sunday's Journal is an article "Radical Changes Imperil our Country" by a prominent jurist of Texas, which ought to be read and remembered by every lover of our country. "The nations which have a homogeneous people like France can, with impunity, make radical changes in their government, but we are not a homogeneous people."
If foreigners coming to our shores hear our own native born Americans criticising our government and treating our constitution with disrespect and even lawless violation, how can we ever hope to have a stable government? "Men are not Americanized by destructive criticism." "They will hardly be impressed by a national tradition that is the constant object of attack."
This article is in patriotic contrast to the editorial in the Chicago Tribune of July 15, as contemptible an editorial as ever appeared even in the Chicago Tribune. In the first part wonderful things are claimed to have been done by the Tribune in the field of prohibition. The last two thirds of the article is a wet propaganda, a weak rebash of "personal liberty."
It reminds one of the editorials written during the Civil war, when a Chicago editor went to Washington, D. C., to tell President Lincoln a few things it was time he was doing. As recorded by the papers of that time, President Lincoln said: "You go home and mind your own business, and don't you ever think you can come here and tell me anything about running this government. You have done more with your paper to bring on this Civil war than any other man in this United States."
Mary Turner Carriel.

Mrs. Ray Chapman, Miss Dorothy Snee, and Mrs. Elmer Meyer formed a shopping party from Prentice yesterday.

EVANGELISTS COMING.
The Tabernacle Church of God in Christ, on North West street, is carrying on meetings each evening. The evangelists Mary and Martha will arrive in the city today. Good singing and music; all welcome. P. Wallace, in charge.

Where Quality Counts
One third of the cost of a good plumbing, heating or electric job is for work hidden from sight beneath walls and floors, and underground. Costly trouble is sure to develop unless this "unseen" work is properly done. Reliable materials and skillful workmanship cost less in the end—and we supply 'em.

Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse, and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor because I wasn't very ill—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., B. A. 46, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores everywhere.

Pimples

BLOOD impurities are pumped by the heart into the face. That is what causes that grainy appearance, that muddiness, sallowness, pimples, blackheads, acne, red spots, and that impossible "something" which no face cream, massage, or face powder can cover up or

beautify! The foundation for a beautiful skin simply is not there, and no face treatment can give it to you. But increase your red-blood-cells, and quickly the ruby tint of purity begins to glow in the cheeks, the complexion becomes rosy-like and immaculate! Try it. It will do it every time. S. S. S. builds the red-blood-cells you need for a beautiful complexion. Begin using S. S. S. at once, and give yourself what you have been working for, years

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

The High-Grade Gasoline

Adds to the Joy of Motoring

THE spirit of the day is to be out in the open; to seek the by-places; to get closer to nature; here today, there tomorrow.

Hard roads and automobiles have made it possible for one to do all of these things in the companionship of his family.

The chief contributing factor to motoring is gasoline—the chief joy of motoring is to know you have a dependable gasoline in the tank. Red Crown, the High-Grade Gasoline is dependable. The Standard Oil Company (Indiana) guarantees the uniformity of Red Crown.

With Red Crown in your tank your motor sings along the road; eager, purring, at a snail's pace or at high speed, as you please.

Red Crown is always the same, no matter where you get it, and you can get it everywhere—every few blocks in the city; every few miles in the country.

NATION'S FREIGN POLICY SHOULD BE DECIDED AT POLLS

(Continued from Page One.)

from any extended discussion of domestic questions, but pointed out that men are not unlike the world over.

"Common humanity learned from dread war it must bear the burden," he said, "but it learned, too, it could wield the power."

"Discontent abroad in our land, say our publicists, of course there is discontent. It arises not from dissatisfaction with popular government but with the lack of it. When we are so weak our efforts so futile that we cannot frame laws which will stand the test of the courts to prohibit child labor and give women a minimum living wage, the common man looks at us, aye, he even dares to look at the courts, with some doubt and mistrust.

Devote Effort Here

"If one-tenth the effort now being made to take us into Europe were devoted to taking our own country out of this distress and want, we would have a happy, contented, and prosperous people. But of one thing be certain. Humanity is determined to have its own. It no longer begs, it demands. It asks the right of life, liberty and human happiness. It will have it in full measure. I suggest to my conservative brethren that recent events indicate they must choose whether progressive things will be done in a conservative way or in a radical way. You may have to take progressivism or radicalism

will take you. "But upon these domestic questions, our people will divide with-out pretense or cant, and they will be decided in the good old American fashion in fair standup fight."

Unlike domestic policies, Senator Johnson said, foreign policies could not readily be changed. He declared this fact made it important that a decision be reached on America's attitude toward Europe without haste, passion, partisanship or prejudice.

America's Attitude

"Though you and I thought it had been decided in 1920, the old question recurs. If it must be decided again, I insist it shall be honestly and fearlessly decided. Let's have no pretense, let's make the issue so plain that even some of our most distinguished statesmen cannot dodge it. I don't agree at all with the views of Justice Clark and Hamilton Holt, (exponents of the league) and their associates. I do heartily agree with them on one thing: our foreign policy is to come before our people, let it come frankly, fairly, honestly and let the people decide whether they wish to participate in the European political mess or follow the policy that has thus far been ours, that has brought us our fame, our prosperity, our happiness and our glory."

Foreign Propaganda

America has been filled with "foreign propaganda" that is "poisoning the national mind," the senator declared. It comes principally from the British empire, "although Britain is no worse only more effective than other countries," he said. This propaganda taints the very sources of our news and "often speaks in the holiest aspirations of mankind."

He declared many Americans are afflicted with an inferiority complex, when in the presence of a foreign title or a great alien personage. When a Balfour or a Cecil preach their doctrines in America, the senator said, it is always, "however carefully and sweetly phrased, the doctrines of and for their great nation, not of and not for ours."

Situation Summarized

Senator Johnson summed up the present European situation by declaring that England pursues the policy of the commercial supremacy of England; France is determined to maintain her continental position and her world power; Germany, disarmed, sees her fairest industrial provinces seized and dreams of a future day of reckoning; Italy bluntly announces the Italian policy of "nothing for nothing," Italy for Italians; while the Balkan states retain their capacity for involving their greater neighbors and with but one or two exceptions still cling to the good old Balkan method of changing ministries by assassinating ministers.

On every hand, he declared

there are distrust, suspicion, hostility and hatred; hostility and hatred of one another and distrust and suspicion of us.

Puts House in Order

"Europe must put her political house in order before she invites guests to cross its threshold," the senator said.

"In this condition abroad what should be our attitude? * * * I will not take our country into a clash of selfish ambitions and yet existing racial feuds which have written the bloody pages of centuries of European history."

"So earnestly and firmly do I believe that the future of the republic depends upon keeping out of the turmoil, the strife and the controversies, the schemes and machinations of Europe, that we can have no higher resolve than to dedicate ourselves to the patriotic duty in the days to come of maintaining the distinctive American policy and keeping our country free from every entanglement which would destroy that policy. In my humble fashion, without limitation of politics or candidates I dedicated myself to maintaining America just as America has ever been."

Strong Policy Needed

Senator Johnson declared however, that America should have a foreign policy which would speak in tones which will cause all the world to pause."

If America believes that any other nation jeopardizes peace there is no reason for America not saying so, he added.

"Since when has America become so weak and so timid that its foreign policy could be declared only in conjunction with other nations? I can recall when a Democratic president of the United States did not hesitate to express the views of our country in foreign affairs."

"And I remember when the greatest American of his generation spoke in clarion tones America's foreign policy and all the world listened. Free, independent, unfettered by league or association, court or conference, America can speak and the world will heed."

America's own simple problems are too stiff to be solved, the senator said, without attempting to solve the stiffer problems of Europe. America, he said, has not learned how to bring about peace in the mines of West Virginia; to establish friendly relations between the Ku Klux Klan and the Catholics, Jews and negroes; to be certain of an anthracite coal supply for next winter.

"Our own people are yet poor," he added, "and little children of the slums yet suffer. Our farmers face falling prices of their products and see in despair the ruin of years of toil."

Looking into the future of Europe Senator Johnson said he did not believe the continent would fall into chaos.

No Chaos in Europe. "I saw no evidence of chaos in Europe," he said, "but I saw plain evidence of future conflict. Another bloody war is in the making. I would prevent it if I could, but if that bloody war is no concern of ours and comes from causes of which we are so partly I would not send a single American soldier again across the seas."

"There's just one course to pursue," Senator Johnson concluded, "just one way to play our proud part, just one method to render real service—Speak our voice frankly and boldly, be true to our own institutions, hold to our own ideals, be fair and just to all peoples, by standing on our own shores, remain the master of our own destiny, the captain of our own souls."

THE HUMANE SIDE OF IMMIGRATION

This Must Be Considered Along With Economic Aspect if Problem is to Be Solved, Is Claim.

NEW YORK.—(By the A. P.) The humane side of immigration must be considered along with its economic aspect, if the problem is to be solved, says a report published lately by the National Industrial Conference Board or "The Immigration Problem in the United States." Far reaching changes in the government's immigration policy are recommended.

"It is clear," the report says, "that a wide comprehensive and humane national immigration policy cannot be based exclusively on the consideration of any immediate special or purely economic aspect of the problem, but must be developed out of broad, far sighted and scientifically grounded views of national and international social and economic progress and human welfare."

Inconsistent Handling. The board, after suggesting that inconsistencies arising from the way the present laws are handled should be avoided in the future, says that the state and labor departments fail to work in harmony on the immigration problem. No examination is held abroad to determine mental fitness, the selective function being in the hands of steamship companies; the report adds which undertake the work "to avoid heavy fines and not from any sense of public duty."

"Not enough care is taken to detect mental defects in ports of entry," the report adds. "Facilities are cramped, and the new law has only added new difficulties."

Some of the theories on which the three per cent law was enacted were based on false fears, the report finds. The idea that all Europe was on its way to America in 1917 has been proved incorrect.

attended a meeting at the Armory in Kankakee, Wednesday, August 15th at 1 o'clock. The purpose of this meeting is to express views on the economic, social and political problems confronting the people of our state and nation, and to urge Governor Small in the interest of the masses of our people, to stand for nomination and re-election.

E. A. Jeffers of Kankakee was named head of the arrangements committee. Scholes of Peoria, Arnold of Quincy, Coffin, of Chicago and Director of Public Welfare C. H. Jenkins were appointed to the committee. A committee on organization and resolution for the Kankakee meeting will be announced in Springfield following the governor's return to the capital.

Meeting Satisfactory. Today's meeting lasted about four hours. It was held in the Great Northwestern Hotel headquarters of Thompson and Fred Lund, during the former's regime. Beyond the formal arrangement to be Kankakee send-off participants offered little indication as to the subject matter of the discussions or the temper of the gathering. Several conferees, however, declared the meeting had been entirely satisfactory, pointing out that no specific plan or program for the gathering had been formulated in advance. The mid-August assemblage in the governor's home town is looked to reveal the major plans and policies of the Thompson-Small campaign.

"The three acquittals" were mentioned by several speakers and indication was given that the failures of the Small trial, the jury fix case and Cook county school board prosecution to bring out convictions might have conspicuous mention in the appeal of the governor's forces to the Illinois citizenry.

LION'S SHARE OF HUGE RUM PROFITS GOES TO SYNDICATE. DETROIT. (By A. P.)—Certain powerful interests control the available supply of beer and liquor on the Canadian side and the big money is made there, according to the rum runners who operate the tiny boats which chug across the river here with their cargoes of illicit beverages.

According to these operators, this "syndicate" or "system" as it is termed, sell at prices which permit the runners and American bootleggers a comparatively small margin of profit.

Thus, say these runners, the huge profits in the rum running business across the Detroit river are a thing of the past. Large profits, they maintain, still are being taken in the liquor smuggling traffic, but the business has progressed and been systematized until only those who control the trade and crack the whip over the rum running fleets reap the golden harvests.

The free and easy ways of the days shortly after prohibition became effective, say the runners, are gone. System has come in, until now it is impossible for a free lance runner to obtain supplies on the Canadian side unless he buys them from what amounts, virtually, to a closed syndicate, according to these operators.

The runners cite instances. They say that Canadian beer, when bought from the Canadian operators, often costs close to \$5 a case, although its actual brewery price is much lower. The runners get 50 cents a case for transporting it across the river and it is laid down in River Rouge, Wyandotte of Ecorse or some other place for \$5.50. If it is delivered to the retailer he can truck it to his place of business and sell it for 60 cents a bottle and make a comfortable profit. But, the runners say, it often goes thru the hands of an American middleman and reaches the retailer at a cost of about 33 cents a bottle. He has to keep up his overhead expense and run his risk and still sell it at 50 cents a bottle.

The same situation obtains in whisky smuggling, these runners say. They declare it is virtually impossible to get whisky to smuggle on their own account. When they run it across for the controlling interests they receive \$2.75 a case.

Despite these protests, however, it appears probable that some of them by hard work make a comfortable living. One youth claimed he averages 40 cases of beer to a trip and makes from three to four trips a day with a motorboat. At this rate he would make \$20 a trip and from \$60 to \$80 a day. Other craft are said to carry larger cargoes.

main in this country, the report avers, and statistics are given to bear out the claim.

Slow Naturalization. The government is blamed in the report for slow naturalization of aliens. There is a great need for increased personnel in the naturalization bureau and for a simpler and standardized law. "It is doubtful if one year of restricted immigration has done anything to eliminate this need," the report adds.

Italy is shown to have the most serious emigration problem, but the government there is trying to find a way out.

CHURCH HAS NO WORD FOR A DYING WORLD

Dr. Laws of Brooklyn Gives Stirring Address Before Baptist World Alliance.

Stockholm.—The Christian church has "no message today for a dying world, as a matter of fact the Christian Church is preaching many gospels and the result is confusion and failure," Dr. Curtis Lee Laws, of Brooklyn, said today in addressing the Baptist World Alliance.

"Denominations are being rent asunder today," he said, "and those who have long been brethren are in warring camps contending not over non-essentials, but, also over the very foundation principles of Christianity." If this theological war is fought to a finish, he said, at least the present generation will perish for lack of vision. "Believing in the sincerity and high moral character of these warring theologians," he said, "I beg of them in the name of Christ and perishing humanity that they will quietly, lovingly, prayerfully gather about a table with God's book before them and let that settle every disputed question. That book is the ultimate ground for authority."

Dr. Law's Criticism. Dr. Law criticized the people who fail to attend church. Today we have the Arabs of the avenues and the Bedouins of the boulevards, he said, and they are as far removed from Christian influences as those who dwell in the slums of poverty and squalor. "The palatial hotels and mag-

nificent apartment houses send as few people to the churches as do the tenement house districts. Our hearts are touched when we hear of vast stretches of territory on the frontiers where no church buildings, almost countless in number, are to be found in the midst of the teeming millions of all our great cities ministering to but a handful of people or else utterly deserted and finally abandoned."

Old in Years But still a youthful beauty

By Edna Wallace Hopper

For 40 years I have been in the limelight, and for 32 years a stage star. Yet I still am playing youthful parts, and I look like a girl in her teens.

Thousands of women see me daily, and marvel at my looks. Many have asked me the secret, and urged me to supply them what I use.

I have now decided to do so, as a duty to my sex. I have arranged to all who wish may get the helps I found. And I hope and believe that they will bring to millions what they brought to me.

I—A new-type clay. Many years ago French experts taught me the use of clay. And that, with other helps, made me a famous beauty.

The first clays were crude and muddy, such as many still employ. Their results amazed me. But they have since perfected a new-type clay which brings manifold effects.

Certain scientists have studied clays for more than 20 years. They have found that rare clay, mineral laden, which brings maximum results. They have found ways to refine it, to remove the useless mud. The clay I now use is white and clean and dainty.

They have found added factors which bring many new benefits. They tell me this white clay which I call my Youth Clay, is the last word in facial clays. It brings entirely new conceptions of what clay can do.

A New Complexion Youth Clay brings a new complexion quickly. It purges the skin of all that clogs it—the causes of sallowness, blackheads and blemishes.

It draws the blood to the skin to nourish and revive it. The result is that rosy afterglow which amazes one at first.

It firms the skin, combats the cause of lines and wrinkles, reducing enlarged pores. Many women, in 30 minutes, seem to have lost ten years. My bloom still contours at my grand old age shows what constant use will do.

Women cannot look their best without the use of clay. Nor can they keep their youth. The users of clay stand out in every crowd.

Now this super-clay—my Youth Clay—is placed at your command. It does the utmost that a clay can do. You will always thank me for it when you learn how much it means.

Edna Wallace Hopper's Youth Clay is supplied by all druggists and toilet counters. Prices 50c and \$1 per tube. Also my Youth Cream, which should follow the clay. Also my Facial Youth—my unique liquid cleanser. Also my Hair Youth, which brought my luxuriant hair. My Beauty Book comes with each.

If you want more beauty and longer youth, these are the ways to attain them. They cost me years of searching and a fortune. They cost you very little.

GOLF ENTRANTS ARE REDUCED TO EIGHT

Chick Evans Included Among Contestants for Western Amateur Golf Championship

MAYFIELD, COUNTRY CLUB, Cleveland, O., July 25. (By A.P.)—Two fast 18 hole rounds of match play today reduced the contestants for the western amateur golf championship to eight players, including Chick Evans of Chicago, defending champion, who will meet Fred Lamprecht of Cleveland in the third round and Jess Sweetser of New York, national amateur champion who will cross cleeks with Dexter Cummings of Chicago.

Three extra hole matches marked today's play. Cummings winning a 20 hole contest in the forenoon from Harold Weber of Toledo, while in the afternoon, Clarence Wolf required 20 holes to down John G. Anderson of New York and Joe Wells of East Liverpool, Ohio took 19 holes to eliminate Eddie Held of St. Louis, trans-Mississippi champion and did so then only by holding a 45 foot putt for a birdie three. Wolf and Wells measure mashies tomorrow. The other third round match is between Ira Couch of Chicago who furnished the greatest upset of the day by trouncing Captain E. F. Carter of Chicago, formerly Irish champion and a favorite for the finals 2 and 1, and W. H. Gardner of Buffalo, who rather unexpectedly ousted James Manion of St. Louis, 2 and 1. Evans had the easiest time of all the players today, because he played the best golf of the 32 men who started this morning. He breezed out in 24, two under par in the first round and was one under perfect figures in the remaining five holes he needed to defeat James Ward of Kansas City, 5 and 4.

Individual Records
In the afternoon Chick took 35 to go out and was one under par for the remaining four holes he needed to down Ellsworth Augustus, the phenomenal driver of Cleveland, 6 and 5.

Sweetser was not so good today as during the qualifying rounds when he won the gold medal with 35-75-143 and set a course record.

He was two more than Evans for the morning out round, but his par 36 was sufficient to make him four up to his youthful opponent, Leonard Martin of New York.

In the afternoon Sweetser met a nervous tartar in Frank Godchaux of New Orleans, who held him even for four holes, but with five pars and a birdie he turned three up to the southerner, going out in 37.

Many had predicted that Captain Carter would handily survive the lower bracket and meet either Evans or Sweetser in the finals, but he fell at the hands of the husky Chicago youth who took the lead at the second hole and was never headed thereafter.

The most spectacular play of the day was when Couch pulled his drive of 270 yards to a trap pitched from that pitfall into another a few feet ahead and then topped his out to the green only to have the racing ball hit the half inch flagstaff and drop dead for a par four. Carter sliced his drive to the creek and had to play far to the right over into another farway behind a trap. He pitched short of the creek coming back and then chipped dead to the pin for a five and was three down and four to go.

INDEES WALLOPED ROODHOUSE TEAM

Touch Hartman for Ten Hits and Win by Score of 7 to 2—Fanning Keeps Roodhouse Hits Well Scattered

Frank Smith's Indees walloped the Roodhouse Nationals at Roodhouse yesterday afternoon by a score of 7 to 2.

The Indees touched Hartman who was on the rubber for Roodhouse for 10 hits, five of them for extra bases. In addition to clouting the ball hard Roodhouse made eight errors. Several errors of omission also helped the Indees in the final result.

Ira Fanning tried good ball for the Indees. He yielded nine hits but kept them well scattered with the result that after getting one run in the first the Roodhouse team went scoreless until the ninth when Fanning eased up and one more run came over.

Fanning was given splendid support by his team mates. "Happy" DeFrate at third contributed without an error, two of his stops cutting off sure base hits.

Dick Rubie who played first base also played a fine game and Clark back of the bat caught a good game and cut down to steady base runner who tried to steal. Every other member of the team did his part in the victory.

Massinkoff and Clark led at bat with two hits each while Rossiter and McDaniel got triples. Massinkoff also did good work on the bases. In the ninth he stole second and third and would have stolen the glove of Catcher Decker of the Roodhouse team if Clark had not squeezed him in.

Hartman did not pitch a bad game but if his support had been perfect the Indees still would have won as they earned three of their runs while Roodhouse earned but two.

Each team scored a run in the first inning. In the second the Indees took the lead on McDaniel's triple and Hartman's wild throw to the plate. Three errors and a single game them two in the third. A fielder's choice and Massinkoff's double added one in the fourth. Rossiter's triple and a wild pitch gave them another in the sixth. The last came in the ninth when Massinkoff singled, stole second and third and Clark squeezed him in. This was a pretty piece of work. Clark crossing the opposition by bunting with two strikes on him. Two singles and two fielders choices gave Roodhouse her last run in the ninth. The score:

WATER STILL FOR BOATS

Rock Island—Bids for furnishing the Rock Island district. United States engineers with 20 water stills in order to insure pure drinking water on all boats plying the Mississippi river in this district were opened at the office of Major Beverly C. Dunn. The successful bidder is to be announced later. Employees in the past have obtained their drinking water from wells along the way and filtered it through cheese cloth. An analysis of water on district boats proved it to be unfit for drinking purposes.

Misses Irene Ogle and Jeanette Seymour of Litterberry are visiting relatives in Jacksonville.

ALL IN READINESS FOR CRIQUI-DUNDEE

Both Featherweights Pronounced Fit and Well Under Weight Limit—Measurements Given.

NEW YORK, July 25. — (By the A. P.) Eugene Criqui, French holder of the world's featherweight crown, and Johnny Dundee, his Italian-American challenger were pronounced tonight to be fit and ready for the title match tomorrow night at the Polo Grounds.

Both boxers were well under the 126 pound limit today; Dundee scaling 124½ after a light workout and Criqui a half pound less. They will be close to those figures when they enter the ring.

Boxing followers anticipate tomorrow one of the keenest title fights of a season that already has witnessed a half dozen championship contests. Among experts, Dundee has been a slight favorite, but the Frenchman who demonstrated his speed and punching powers in knocking Johnny Kilbane from the throne nearly two months ago, has many ardent backers.

Clever Ring Generals.

Both are clever ring generals and good boxers. Criqui is a year younger, has some advantage in height and reach and is a harder hitter, but Dundee's supporters believe his endurance and aggressiveness will offset these advantages.

The advance sale reached \$100,000 today, according to promoters, who announced they expected it to exceed \$150,000 to tomorrow night. Arrangements have been made to handle a crowd of 65,000.

How They Compare.

Measurements of the rival boxers were announced as follows:
Criqui—
29yrs age 30 yrs
5-5½ height 5-5½
124 weight 124½
68 reach 63
13 biceps 14
34½ chest 34
37½ chest expanded 37½
10 fore arm 12
7 wrist 7½
19 thigh 20
26½ waist 29
13½ calf 14
8 ankle 8½
14½ neck 15

SHORTAGE OF WORKERS

Peoria—A shortage of Women workers will be experienced in Peoria shortly according to Mrs. Bertha Williams, supervisor of the Y. W. C. A. Employment department. The employment agencies are unable to supply the demand for both skilled office workers and domestic help. Mrs. Williams said, the demand for stenographers being especially acute.

TO PAVE SHOW DRIVE

Peoria—Voters of Richwoods township, Peoria county, have approved a \$100,000 bond issue for construction of a pavement, two and one-half miles long from Glen Oak Park to Grand View drive. The drive, which is said to be one of the show drives of the middle west, is to be taken into the park system after its completion.

George Lockhart and Miss Bridge Lockhart of Alexander were in the city yesterday calling on Mrs. John Magner who is very ill at Our Saviour's hospital.

William Tiffan was a representative of Beardstown in the city yesterday.

Mr. and Mrs. Charles Entrick were Wednesday shoppers from Murrayville.

Mrs. Henry Steckel and daughter Mary were arrivals from White Hall yesterday.

Market Report

By The Associated Press

SELLING PRESSURE LIFTED BY TRADERS

FINANCIAL.
Total stock sales, 431,000 shares.
Twenty industrials averaged 90.87; net gain 91.
High 1923—105.38; low 87.44.
Twenty railroads averaged 79.64; net gain 19.
High 1923—90.63; low 76.85.

NEW YORK, July 25.—Evidently discouraged at their failure to bring about further liquidation professional traders lifted the selling pressure after the first hour today and thereafter prices moved upward in dull trading.

Net changes of representative stocks were generally small. Early pressure was leveled against Western railroads, equipments, steels and oils, and while most of the rails closed fractionally lower on the day, partial recovery was made in numerous instances.

Eastern rails moved briskly forward in mid-afternoon after announcement of the regular Delaware and Hudson dividend in which there was a large short interest outstanding. Net gains, however, were largely fractional in this group.

German marks established a new low at \$1.50 for 1,000,000; closed at 90.016 cents.
Active U. S. government bonds recorded fractional improvement.

BUTTER QUIET AND SOMEWHAT EASIER

CHICAGO, July 25.—The sharp advance of the past few days culminated speculative demand and as a result the butter market here today was quiet and somewhat easier; top scores yielded a half cent and as far down as 89 score some dealers were willing to make concessions. The supply of butter on this street, however, was not burdensome and a majority of operators considered the market unsettled rather than easy. Trading in cars was fairly active but in most cases dealers were forced to accept a slight reduction on 89 score. Ninety score cars were firm and in demand for July contracts.

Fresh butter: 92 score 39; 91 score 38; 90 score 37; 88 score 35.

Centralized carlots: 90 score 40; 89 score 37; 88 score 37.

Chicago Livestock

CHICAGO, July 25.—Cattle receipts, 16,000. Slow uneven. Steers of value to sell at \$11 and above and yearlings eligible to sell at \$10 steady; others weak to \$5 lower; in-between grades uneven to 25c lower; canners and cutters steady; bulls weak to 25c lower; vealers 25 to 50 higher; bulk packers \$11 to \$11.50; outsiders hand picked up to \$12; top matured steers at noon \$11.40; few loads \$11 to \$12.50; best long yearlings \$11.00; bulk best steers and yearlings \$8.50 to \$10.75; bulk canners and cutters \$3.00 to \$3.50; heavy bologna bulls \$4.50 to \$5.00; stockers and feeders 25c lower; bulk casing into first hands \$5.00 to \$7.00.

Hogs receipts 35,000. ASHLAND RESIDENTS
OBSERVE ANNIVERSARY

Mr. and Mrs. August Braker, Sr. Have Been Married Fifty Years—Occasion Was Fittingly Observed at Their Home

Ashland, July 25.—Mr. and Mrs. August Braker, Sr., celebrated their golden wedding anniversary at their home in Ashland, Ill., Sunday, July 22nd.

Mr. and Mrs. Braker were married May 23, 1873. Mr. Braker was born April 18, 1850 and his wife Feb. 4, 1851. They came to this country from Germany in 1873 and followed the occupation of farming until four years ago they retired and moved to their home in Ashland, Ill.

They were the parents of seven children: Mrs. Anna Visser, Davenport, Ill.; Mrs. Etta Courter, Ashland, Ill.; Mrs. Sophia Casson, Prentice, Ill.; John of Prentice, Ill.; August of Richmond, Ill.; William of Alexander, Ill.; and Fred who died in infancy.

Grandchildren are Robert, Ernest, Bertha, Frieda, Carl, Henrietta, Frances and Lucille Visser and Mrs. Ella Moody of Wenona, Ill.; Alvin, Mabel, Elvina and Viola Casson, Pearl Samuel and Velma Courter, Elmer, Lawrence and Florence Braker of Richmond and Dorothy, Harold and Melvin Braker of Alexander. Great grandchildren are Bernice and Marjorie Moody of Wenona, Ill.

At noon a delicious basket dinner and ice cream and cake were served to almost 100 guests and later in the afternoon, Rev. Mr. Swartz made a short address in honor of the day. Mr. and Mrs. Braker were presented with a gold brooch and gold headed cane after which they all departed for their homes, wishing Mr. and Mrs. Braker many more happy years of wedded life.

C. P. OFFICIALS HERE

The Ford touring car belonging to the C. P. & St. L. which has been fitted to travel on the rails passed thru Jacksonville yesterday bearing officials of that road on an inspection tour. The party included W. C. Hurst, general manager; J. A. Mahoney, superintendent, and C. L. Metzmaker, supervisor. After a short business visit in the Jacksonville yards, the party left over the rails of the Burlington for Waverly, where they will again transfer to their own rails. The object of their visit could not be learned, but it was rumored that it was merely a periodical inspection trip.

MRS. J. K. C. PIERSON
SUMMONED BY DEATH

Lifelong Resident of City Passed Away at Passavant Hospital Yesterday—Funeral Will Be Held at Residence on East State Street Friday Afternoon.

Mrs. Mary E. Rottger Pierson, wife of J. K. C. Pierson, 357 East State street, passed away at 11:15 o'clock yesterday morning at Passavant hospital, following an operation. She was a resident of this city practically all her life. She was born in Jacksonville on February 17, 1865, and was a daughter of John R. and Emma L. Entrikin Rottger.

Surviving besides her husband and brother C. H. Rottger of Jacksonville, are Mrs. Anna M. Rottger, of Santa Paula, Calif.; Mrs. T. W. Sweeney, of Rushville, Fred Rottger of Modesto, Calif.; Mrs. J. C. Patterson, Santa Paula, Calif.; Mrs. R. Roy Bruning, of Havana and Mrs. Harry D. Lewis of Monmouth, Ill.

Mrs. Pierson spent practically all of her life in this city and had been prominently identified with various civic interests. She was a graduate of Jacksonville high school and of Brown's Business college and had more than the usual grasp of business affairs. The deceased was a member of the West Side Tuesday club and for a period of years had been actively associated with the work of the Jacksonville Woman's club and had served capably as a president of that organization.

For a number of years Mrs. Pierson was an efficient member of the board of education and for a time was clerk of the board. The deceased was a member of State Street Presbyterian church and was identified with various branches of the church work. She was a woman of forceful character, a faithful and kindly friend and news of her death filled many hearts with sorrow. Intimate friends of the family knew of Mrs. Pierson's illness but it was not until a very recent time that hopes of her recovery were surrendered.

The remains were taken to the Gillham Funeral Home and later to the residence on East State street, where the funeral services will be held at 3 o'clock Friday afternoon, in charge of Rev. W. H. Marbach. Interment will be made in Diamond Grove cemetery.

HIGHWAY OFFICIAL
INSPECTING ROUTE

H. D. Judson, General Manager of Ocean to Ocean Way Visits City—May Change Routing on Local Streets and Brighten up Markings of Trail.

H. D. Judson, general manager of the Ocean to Ocean highway, was in the city Wednesday on his way from the general offices, St. Joseph, Mo. He is making a trip to Ohio and Pennsylvania in the interest of the Ocean to Ocean route and reports matters in that vicinity in excellent shape. Mr. Judson was especially well pleased with the co-operation of the Jacksonville and Morgan county citizens in keeping the trail in good shape.

According to the visitor a man is soon to be sent along this division brightening up the present markings. It is quite likely that some changes will be made in the route out of Jacksonville, and the route will probably be along streets which are not traversed by street railway lines.

FUNERAL NOTICES

Funeral services for Miss Mary Ellen Fredlander will be held at 2:30 o'clock Saturday afternoon from the residence on Sandusky road, in charge of Rev. W. H. Marbach with interment in Diamond Grove cemetery.

Funeral services for Oscar Conover will be held at 10:30 o'clock this morning at the Old People's Home, after which the remains will be taken to Springfield for burial.

Funeral services for Miss Nettie Shepherd will be held at 2 o'clock this afternoon from Lynn, ville Methodist church, in charge of Rev. G. T. Wetzel, with interment in Diamond Grove cemetery.

MORGAN CO. HEALTH
WORK TO CONTINUE

At Conference Held Yesterday in Springfield, A Basis Was Reached for the Program Thruout This Year.

At a conference held in Springfield Wednesday a plan was agreed upon which assures at least the major part of the Morgan county health program for the remainder of this year. The conference was held in the office of Dr. Isaac Rawlings, head of the state board of health. Present were Dr. Jacob of the international health board, Commissioners Mawson and Osborne of the Morgan county board; Dr. Carl E. Black, H. J. Rodgers, Dr. E. G. McLin and Dr. Ellsworth Black, as officers of the Morgan County Medical society and Dr. R. V. Brokaw.

It will be remembered that the state appropriation for public health work was much curtailed that the department found it impossible to subscribe as largely to the local program as has been done in the past. For a time this action on the part of the state seemed likely as the result of the conference yesterday a plan was outlined whereby the city, county state, and health board will continue in this united public health effort, at least until January 1.

The proportionate expense for this period is divided as follows: city of Jacksonville, \$1,433.33; Morgan county, \$1,250; state \$250; international health board \$1,016.00, making a total of \$3,949.33.

This amount is not quite sufficient to permit the continuance of two nurses, and therefore the work will be somewhat curtailed. However, the main part of the program can go forward and while the agreement is only made until December 31, there is every reason to think that the work will be continued beyond that date.

It is a fixed rule of the international health board to make no contracts extending beyond the last day of each year, although subsequent agreements may be made for a continuance of work which has been undertaken.

It will be noticed in the figures given above that the city has increased its proportion of the fund, as the city authorities fully believe that the health program is not only a fine forward piece of work but that it is also saving money.

R. V. Walters of Macomb, former principal of the B. H. school has been employed as superintendent of the high school at Waverly.

Mr. and Mrs. P. C. Burrus have returned after a ten day's visit to LaSalle, where they have been guests of their son Earl.

George Graham has returned to his duties in Chillicothe after a ten day's visit with relatives. A joint sale of household goods of Henry Pinkerton, Jesse Batley and Mrs. Margaret Tewksberry will be held on the Tewksberry lawn Saturday afternoon, July 28.

IMPRESSIVE SERVICE
AT WOODSON CHURCH

Cradle Roll Program Carried Out at Presbyterian Church in Woodson.

A service of very special interest was held at the Woodson Presbyterian church last Sunday morning, giving some idea of the scope of the Cradle Roll of the Sunday school. Mrs. A. E. Powell, superintendent of the Cradle Roll, has been working zealously to give the department the place it deserves in the church, and was in charge of this special service.

The church was beautifully decorated with the Cradle Roll colors, green and white, and a fine variety of flowers of pink and white colors was also used.

J. Chester Colton, superintendent of the Sunday school, had charge of the program. A presentation of Cradle Roll work was given by ten Sunday school pupils, who formed around a prettily decorated cradle and held streamers of the colors, each child then answering some question put by Mrs. Powell as to what the Cradle Roll means, etc. The roll call of the babies of the church required the parents to arise and two children alternated in handing each parent a pretty bouquet of flowers for the child named.

The infant son of Mr. and Mrs. Charles Irlam, Thomas William, was baptized, as was Beulah Sorrells, daughter of Mrs. Edna Sorrells. A mixed quartet sang a baptismal chant before and after the ceremony.

The program was carried out as follows:
Opennig Song, and Responsive Scripture by the congregation.
Prayer—Rev. A. E. Powell.
Words of Welcome—J. Chester Colton, S. S. Sup't.

Message upon the value of the cradle roll by the pastor.
History of the Cradle Roll—Mrs. A. E. Powell.

Presentation of Cradle Roll Work by ten pupils of the Sunday School, entitled "Cradle Roll Catechism".

Song—"Jesus Bids Us Shine."
Roll Call and Presentation of Flowers.

Promotion—One Cradle Roll member.

Infant baptism preceded and followed by baptismal chant by quartette.

Benediction.

FORMER LOCAL GIRL
SECURES DIVORCE

Wednesday's issue of the St. Louis Globe Democrat carried an article concerning a former resident of Jacksonville, who was a member of one of the former Morgan county families. A reprint of the article is given below:

"Mrs. Margaret Brown Hostetter was granted a divorce from David Herbert Hostetter at Paris, France according to cable dispatches from the French capital. Mrs. Hostetter is a younger sister of Mrs. Edward F. Gottra of St. Louis and the daughter of the late William Brown, former chief counsel for the Chicago-Alton railroad and a resident of Jacksonville, Ill. Mrs. Hostetter resided in Maine and was married in November, 1912, at Kittery, Me., following an elopement. Hostetter was then a student at Princeton and a classmate of Edward J. Gottra, Jr.

"At the time of the elopement Mr. and Mrs. Gottra were in New York attending the closing rally of the Wilson presidential campaign. Gottra is Democratic national committeeman from Missouri."
